

Data entry form for the recognition of credits and for studies abroad with the registration of final thesis paper

Because of a change in Higher Education laws, the University of Kassel is required to collect data for the recognition of credits and study-related studies abroad. With this, we ask you to fill out this data entry form and turn it in to your Examination Office when you register for your final thesis paper. The data will be anonymous and will then be provided as a testing statistic for the statistical portion of collected data for the State Official. Thank you for your help!

1. Recognition of credits

1.1 During my time studying at the University of Kassel...

- none of my general studies or test credits were recognized (continue with 2.)
 my general studies or test credits were recognized (continue with 1.2-1.3)

1.2 Number of recognized credits (total¹): _____

¹ Please list the total number of credits (recognition of credits that were acquired through other fields of study or on a higher education school or through professional development).
